ACADEMICON 2014

AcademiCon started out as an idea: invite guest speakers from all walks of life and from a variety of professions to inspire students and to encourage them to work towards their dreams while learning from the paths of others. Last year, on January 29th, 77 guest speakers, members of the armed forces, and representatives from a variety of colleges, universities, and trade schools came to Santa Teresa High School. With the help of dozens of volunteers, the event was a tremendous success.

AcademiCon 2014 is our sequel. This year, we are offering nearly 2300 students six workshops instead of four, a more intimate Academic Rally, access to the Military Fair and the College/Career Fair during lunch, and a more efficient method for selecting the workshops of their choice.

Last year, few people knew what AcademiCon was about. This year, the expectations are grand. We need your help to make this year's AcademiCon even more fantastic.
